

KCES's Moolji Jaitha College (Autonomous), Jalgaon
Faculty of Commerce & Management

CONTENT DEVELOPED

Books, e-Content and Online Educational Resources Developed by Faculty

Overview

Faculty members of the Faculty of Commerce & Management actively develop learning content for students of Kavayitri Bahinabai Chaudhari North Maharashtra University and for the autonomous programmes of the College. This content takes three forms: printed textbooks written to the prescribed syllabi and published through recognised academic publishers; freely accessible video lectures hosted on faculty YouTube channels; and digital study material delivered through educational blogs, online quiz platforms and virtual classrooms. Together these resources extend teaching beyond the lecture hall and make course material available to students at their own pace.

At a Glance

Category of Content Developed	Total
