Yes

If yes, give a brief description and a list of modules currently operational (maximum 500 words)

The college has management information system (MIS) which facilitates and coordinates management of computerized database of financial information. Through these modules data are organized and programmed in such a way

that it produces regular reports whenever needed by various levels of management in the college. It is also possible to obtain special reports from various systems with ease, such as expenditure on various budget heads. It gives the feedback about performance on various aspects of management. These interpretations help to monitor financial planning of the college as a whole. Information displayed by the MIS typically shows actual data against planned results and also results of the previous year. Thus, it measures progress against goals. The MIS receives data from different units. Some of the data are collected automatically from computerlinked checkout counters while others are keyed in at periodic intervals. Routine reports are preprogrammed and run at intervals or on demand, while others are obtained using builtin query languages display functions which is built into the system. These are used by higher authorities to check the status instantaneously at computers connected to the MIS. In addition to financial database, students database are also hosted in the college server with specialized access to the authorized persons. Initiated Learning management system for academic excellence. Introduced computerized data management system for sports. For sake of administrative management, MJBHUSHAN, a special computerized data management system is being used.

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Being affiliated to the North Maharashtra University, Jalgaon, the college follows curricula given by the university. For effective implementation of the curricula, the college prepares a roadmap every year. Highlights of the roadmap are as given below: Academic Calendar Preparation: • Prior to the commencement of the academic year, departments of the college prepare their academic calendar based on the University calendar. • This gives clear picture of the available dates for noteworthy activities to ensure proper teaching-learning transaction and continuous evaluation. e.g. Organization of conference, workshops, annual gathering, internal examination schedule, etc. Pre-work at departmental level: • At the beginning of the academic year, Head of the Department conducts meetings and discusses departmental academic calendar with

the staff members for smooth conduction of the teaching learning process and other activities. • Discussion of the syllabus with individual teachers. • Assignment of the workload and timetable to the individual teacher. • Individual teacher prepares month-wise teaching plan considering following factors: o Available dates and periods for teaching-learning process. o Syllabus to be covered • Teaching plans are submitted to the Head of the Department. Memorandum of Lectures: • Every teacher records daily teaching-learning activities. For this, academic diary is provided to each at the start of academic year. • Head of the department monitors day to day activities. • Weekly records of teaching-learning activities are submitted to the Head of the Department. Use of Information and Communication Technology: • For better understanding of the topic by the students, use of ICT has been increased by the faculty. • Teachers use power point presentations, animations, video clips, etc for better explanation of the topic. • E-udbodhan activity: College teachers record their lectures and upload on college website. Periodical meetings: • Periodical meetings are held at departmental level by the Head of the department and thus monitor the smooth conduction of teaching-learning process. Periodical meetings (1 or 2) are conducted by the Vice-principals and Co-ordinators of each faculty with the Head of various departments for smooth and effective conduction and implementation of curriculum.

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Being affiliated to North Maharashtra University, the college follows the evaluation structure as recommended by the university. At present, semester system for all levels and all faculties has been implemented by the university. The weightage for external evaluation is 60 and for internal evaluation is 40. Keeping in view the need for continuous formative assessment of the students,

the college initiated the following measures: • Centralized Internal Examination system is followed for smooth working and transparency. • Each year, the college constitutes an examination committee to ensure effective implementation of all activities related to internal and external examinations and assessments. • Home assignments, seminars, general behavior and attendance are taken into consideration while awarding internal scores to the students. For the students of science faculty, Journal keeping of the practical sessions is also considered for continuous assessment. • Grievances in assessment, if any, are resolved through teacher interaction. • Retest is conducted for those students who remain absent during the internal examinations owing to their participation in NCC, NSS, Sports, or other camps so as to facilitate continuation of their studies without hindrance. • The results of the internal examinations are declared within a week, enabling the students to raise any grievance and get it resolved before the marks are finally submitted to the university. In addition to the internal test, for continuous internal evaluation of the students, oral examination, internal assignments and seminars are introduced. Students are encouraged to participate in Quiz contests, Poster competitions and Conferences.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Being affiliated to the North Maharashtra University, Jalgaon, the college follows curriculum given by the university. For effective implementation of the curriculum, the college prepares academic calendar every year. The College has a College Development Committee that deliberates each year on the various infrastructural and academic needs of the college and allocates budget, keeping in view the requirements of all the stakeholders. Laboratory (including computer laboratories): The College has 48 laboratories attached to various departments, 12 computer labs, 01 DLRAC, 01 DERCVC, 01 internet café, 01 virtual lab and 01 electronics laboratory and 01 language laboratory. Optimum utilization of laboratory resources is ensured by the faculty coordinators, vice principals and department heads for the whole semester. Library: Every year, the college constitutes a library committee consisting of the Principal as its Chairman, College Librarian as its Secretary, Vice Principals and Coordinators of Arts, Commerce and Science faculties, senior teachers representing various departments. In the meeting of the committee, convened at the beginning of the academic year, the Librarian presents Annual Library Budget of various departments based on student ratio for each subject. This committee deliberates on the budgetary allocations, evaluates the previous years library activities and proposes new services, acquisition of wherewithal etc., for the current year. Sports Complex: Eklavya Krida Sankul, one of its kind in North Maharashtra is managed by the College Sports Committee that advises the Physical Director in planning optimum utilization of sports facilities throughout the year. This committee consists of the Principal, Vice principals, Physical Director and other teachers. Classrooms: The classrooms of the college are spread across the campus at different locations. For their optimum utilization the Arts and Commerce faculties are run in the morning shift and Science faculty in the afternoon shift. The timetable for classroom teaching is prepared before the commencement of each semester where classroom

wise schedule is clearly stated. Further to provide opportunity of ICT based teaching in the smart classrooms for all the departments, the Vice principals and the faculty Coordinators chalk out timetable, semester wise. The college obtained a dedicated power line from the Electricity Board of Maharashtra State. Further, the college has set up its own power transformer within the campus so as to avoid fluctuations in voltage supply. For providing fluctuation free, uninterrupted electric supply, equipments in the Central Instrumentation Laboratory (CIL) are connected to a dedicated online UPS. To combat the challenges posed by periodic load shedding and black-outs, the college has set up power generators at various places with a combined power output of 387.5 KVA. For the optimal performance of sensitive equipment, the CIL is air conditioned. Continuous supply of water is ensured for special equipments requiring constant water supply like high pressure autoclave, six station reaction assembly, rotary evaporator, etc., through an inlaid maze of water pipes connected to overhead tanks. The college also dug four borewells strategically in different parts of the campus that provide sufficient and constant supply of water. Special provision is made for the storage of LPG and Hydrogen gas cylinders outside the laboratories. Chemicals are stored as per the standards specified by the suppliers.

institutional objectives and/or contributed to the quality improvement of the core activities of the college. Even though these activities are not mandated by any authority, they are internally evolved and used during the last eight years leading to positive impact on the regular functioning of the institution. Two amongst them are mentioned below: BEST PRACTICE: 01 • Title: Compliance to ISO 9001:2008 standards to improve overall functional efficiency of the college. • Goal: The goal of this activity is to establish, document, implement and maintain a quality management system for teaching, learning, evaluation, allied processes and continually improve their effectiveness in accordance with the requirements of standard. • Context: Periodical audits of various processes as per standards ensures that they meet the needs of teaching and learning requirement of students and other stakeholders while meeting statutory and regulatory requirements of various bodies. The Quality Management System (QMS) is documented with a view to make various aspects understandable clearly and completely by all the concerned. Practice • Planning: All documents are controlled as per the procedure concerning control of documents and the audit schedule is planned yearly in advance. • Audit: • The audit is conducted at two levels: by internal and external auditors, through reviewing records, talking to employees, analyzing key process data or even observing the process in action. The focus of this activity is to verify evidences that the processes are functioning as planned in the QMS, and are effective in producing the desired results. This enables the concerned process owner (auditee) to not only identify areas that do not have evidence that they are functioning properly, but also to point out areas of a process that may function better if changes are made. o Compulsory internal audit is conducted for all the departments with the help of around 30 internal auditors comprising of senior faculty members. An annual external audit is conducted by an external agency based on random selection of departments and processes. o The audit includes various processes such as teachinglearning, purchase, syllabus designing and development

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Moolji Jaitha College is recognized for its meritorious students and efforts towards continual improvements with regard to its core vision of studentcentred, practically focused qualitylearning experience. College being a preeminent educational institution prepared to meet the challenges of a rapidly changing techsavvy world, the primary focus of the institute is excellence in core mission activities of teaching. Institution maintains its distinctiveness by blending technology with classroom teaching. College has upgraded the teaching learning process through installation of eleven ICT smart classrooms. 48LCDs, several computers and laptops are made available to all departments for such technology integration. Infrastructure required to operate and support technology integration is continuously upgraded at each level such as basic level electricity, Internet service providers, routers, modems, and personnel to maintain the network. The college has 39 WiFi access points, 40 MBPS VPMLAN, 50 MBPS fibre optics, around 200 computers dedicated for teaching and learning. Every faculty from departments has access to internet through such WiFi and wired network. To make the teachinglearning process more effective, the college has made efforts to introduce 'Moodle' a Learning Management System. It helps teachers to create effective online learning environment. The college has setup an augmented facility for recording audiovideo lectures of the faculty members and other subject experts through its Educational Media Development Center.

These lectures are uploaded as part of its eudbodhan project. SMS alert system for conveying the academic and administrative notices is being introduced from this academic year. To tap the efficacy of technologybased teaching particularly for the visually challenged the college has made necessary ICT based provisions in the Dreamy Eyes Center. The college has upgraded the laboratory facilities with advanced instrumentation and infrastructure. The college has procured advanced instruments in science laboratories viz. FTIR spectrophotometer, High Performance Liquid Chromatography, Thermo cycler PCR, Gas Chromatograph, Atomic Absorption Spectrophotometer, UVVis spectrophotometer, etc. Specialized laboratories have been setup by college authorities such as plant and animal tissue culture, animal house, green house etc. The separate laboratories for research have been established for commerce in addition to various science research laboratories. The availability of specialized modern infrastructure has strengthened the research aspects along with qualitylearning experience, which is the vision of the college. Moreover, vocational program have been introduced aside conventional courses to impart required skill sets and improve employability. All these efforts have enabled the institution to register excellence in performance leading to the coveted status of 'College of Excellence' by the UGC in the year 201415. Every year meritorious students have achieved new heights of success and in 201819, notable numbers of students from various disciplines have secured ranks in university. The efforts are also on to strengthen the research aptitudes amongst the faculty and students. It resulted in receiving research projects and a good number of publications in journals of national and international repute. In turn it has also supported qualitylearning experience of the students.
