• Teaching – Learning Techniques

The college encourages use of ICT enabled tools for effective teaching and learning process. The college provides computers with LAN, smart classrooms, LCD Projectors, Laptops as ICT facility. The online teaching was conducted using zoom platform and Google Meet has help for interactive teaching-learning. The faculty uses LMS platforms such as Google Classroom to meet the effective learning. Google classroom is used for e-teaching and learning to provide references, and informative videos. The students are also encouraged to submit e-assignments which are available to them for future reference. The faculty also shares various online resources like e-books, e-content, you tube presentation to the students. The teachers have created blogs, websites; you tube channels which can be accessed by students to view contents. The recorded versions of sessions are also made available for students as reference materials. The students are also encouraged to post their comments and critical evaluation through blogs and you tube channels. The students were communicated using various online mode including whatsapp, telegram, email etc. the college also procured TESTMOZ software for conducting continuous assessments and online examinations in this pandemic situation.

• The institution assesses students' learning levels and organizes special programmes for both slow and advanced learners.

The college constitute a committee every year to assess the learning levels of students at both entry level UG & PG. The assessment is on the basis of their marks of earlier Examinations. The committee send list of students to respective departments along with guidelines to conduct the activities for each category. The head of respective departments were instructed to organize at least one activity for each category. The activities are as follows: Activities for slow learners: Remedial lectures, Extra sessions to clear the concepts and the difficulties, Provided course related ppt's and videos, Provide video lectures of concern subject, Provide Questions banks and assignments for practice and Parent meeting. Activities for advanced learners: Participation in workshop/seminars, Participation in competition, Motivation for research work, Encourages for certification courses, Provide online resources and provide the content beyond the syllabus. Department organizes such activities which help the students to enhance their learning capabilities and to improve their

academic performance. To name a few, statistics department has organized lecture on Basic statistics, Mathematics department organize lecture on Calculus, Department of Marathi and English organize a discussion session on Grammar. The advanced learners were facilitated with Participation in Budding researcher scheme.

• **Preparation and adherence to Academic Calendar and Teaching Plans by the institution**

Each department prepares academic plan and discuss with respective faculty in-charge. The principal compiles the plan and finalizes the academic calendar by including the input from support wings such as sports, NCC, NSS, Library etc. The schedule of statutory bodies, examination and beginning and end of semester sessions is also considered during finalization. The draft academic calendar is further amended with activities plan by respective NAAC criteria chairman and finalized in the IQAC meeting. The draft was also approved in meetings of academic council and college development committee. The follow up of implementation of academic calendar was taken during the scheduled meetings of IQAC. The adherence to Academic Calendar is insured as far as possible. If any activity is not conducted as per the timeline it is advised to reschedule the same. Each faculty prepares teaching plan at the beginning of each academic session. Teaching plan is finalized based on syllabus, available teaching days and standard guidelines. The midterm review was taken by respective teacher and head of the departments. If the syllabus completion is not in accord with the teaching plan, the planning for extra lectures is recommended.

• **IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution.**

The detail planning and scheduling of internal and external examination is done at a meeting of Board of Examination. (BOE). Course wise time table is prepared by BOE for all the students who have filled the examination form. The students are informed regarding their examination time table through website and notice board before one month. Under the guidance of respective chairman question papers are set with confidentiality. In Covid-19 situation Under Graduate programs examinations were conducted through online mode using Testmoz software. Second term Post Graduation programs examinations were conducted through offline mode. The college has designed an examination ERP system through which student can fill the forms and pay the exam Fee. The examination section generates the hall tickets, Mark lists, enables the online feeding of marks and declared the result online. The data is exported for mark sheets preparation through ERP software. The online examination was conducted through Testmoz software. The college has opted for Continuous Internal Assessment System to evaluate student's progress throughout the year. It is performed

inform of objective/subjective questions, assignments, group discussions, minor practicals and marks to attendance. The overall marks of different types of assessment are combined and use for internal evaluation.

• **Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students**

The college has design outcome based and student centric curricula. Each board of studies has included course specific (COs), programme specific outcomes (SPOs) in all the syllabi. As the college is undergoing a process of transformation with respect to new education policy (NEP-2020), hence the process of correlating and mapping is ongoing. As far as possible, the statements of COs, POs, SPOs, are prepared in accordance with regional, national and global needs for education. The syllabi with COs, POs, SPOs are displayed on the college website so that they are available to students and teachers for perusal. In addition to this few departments have also included objectives of study for each course. The consolidated list of course outcome is also made available on college website. The subject teacher brings the COs to the notice of students during the initial sessions of each course. They are also suggested to go through these objectives and outcomes so as to enhance the effective teaching learning process.
